I have for the most part enjoyed being here at Fort Jackson. I think that when they thought of building the waterpark, it should have been thought out better to offer more stuff for adults. Even though it is not that expensive to use the park, it is not worth your money as it is now.

The childcare hours available for soldiers who have to be on call and perform shift work. I have to be available 24/7. It's very difficult to find a childcare provider willing to accomodate a fluxtuating schedule. My unit does PT at 0500. Who's open at that time...?
Soldiers in certain positions should also be allowed to have their children attend school on post, eventhough we don't live onpost.

MWR at Ft. Jackson is the worst I have ever experienced in the Army. The temporary lodging facilities are disgraceful. Other activities run by MWR appear to benefit only MWR, and not the soldier. MWR is nothing more that a scam that sucks dollars out of soldiers' and their families' pocket. I have no interest in supporting such programs.

I live off post in the North East. My son has a wonderful school and there are no complaints. However, my wife and I are dual military. We really wanted him to go to daycare and school on post. There were no exceptions (at least that's what we were told) to get him into school on post. Just to get him from school and back to Fort Jackson for a Doctor's appointment is almost 40 miles. Not to mention getting him back to school and me back to work. Every other military installation has an exception to this rule for dual military, single parents or soldiers who work odd hours. Why not Fort Jackson? The housing is horrible so that wasn't even an option. They wanted to give us around 1,000 square feet. For 2 SSG's, we are crazy to live on post.

I think that we should have gyms open for activities on weekends. The gyms close early and we have a lot of students that get bored trying to find out what to do (i.e. basketball, etc.). Ms. Bean at the Bowling Alley is the best employee there. Some of the employees at Andy's Fitness Center are anoying and make you think twice about paying for the services. They also need more equipment. Child Care is too expensive on post.

Why do we have to pay to fish on Ft. Jackson, but the money from the tag does not restock the ponds?

Why can't we shoot more than twice a month at the Andrew Jackson Range?

How can we shoot clays if someone else is sighting in a deer rifle?

Why can't MWR enter into an agreement with a nearby trap range so shot gunners can shoot without disrupting deer reflemen?

Why can't smething be done to the heat and humidity in the shower rooms at Perez Fitness Center?

A Cyber Cafe would be nice if the internet is not censored. I find it disturbing that when computers are used at the post libray certain parts of Yahoo cannot be accessed. Granted subversive or pornagraphic sites have no business being looked at anywhere, however there are certain personal sites (yahoo groups and yahoo mail, e-harmony.com, match.com) that aren't nearly as harmful. I agree that post business computers be monitored and censored, however when someone goes to the library to check e-mail it is impossible unless you have a "government approved" e-mail provider. Otherwise I think this post has a tremendous amount of activites for both the Army families and the single soldiers.

I believe the MWR services provided at this base provide a great service to the community here at Fort Jackson. I am a civilian that lives off post in another County and therefore find it hard to enjoy a lot of the services here. While I may not use them because of the distance to my home and family, I am aware that the services here greatly assist the people that work around me on a daily basis. I would take advantage of the services if I did live closer. Many of the questions asked on this survey didn't allow me to portray how much I believe in the programs offered because I was only able to address the fact that I have not used the programs. It is a great services to the Soldiers and their families.

I firmly support industrial arts/woodworking programs in MWR because soldiers cannot afford the space in housing (government or private) to set up a shop. The weight of power tools is also prohibitive. Everyone needs to use the equipment once in awhile even if they do not have woodworking for a hobby. I drive to Shaw AFB when I have to cut more than one or two boards for work on my quarters or complete some project.

I have been heavily involved in trap/skeet ranges at other posts and believe the Army should support shooting sports that can improve a soldier's readiness for war and comfort around weapons. This includes POW ranges and programs to get soldiers involved in recreational shooting.

I was in the Army for over 22 years. In that time I saw many changes to activities on Army installations. The largest being the creation of MWR and the increase in cost to use ALL activities on post. How can the USAF charge half to stay in their lodging? It's cheaper to stay off post than to stay in Army lodging (which are usually re-done barracks). I feel that the benefits that have been slowly eroded from the military life style and that most things are more interesting and less expensive OFF post. Example: depending on when and who's working, the Burger King may charge tax for their food and the movie theater only shows movies at 1900 hours.

Palmetto Falls is a waste of resources that could be better used in other free recreational areas. I understand that you want to make money from the visiting families for BCT graduation, but how many will realistically use the services when there soldier is not allowed to change into swimming clothes. This is also too expensive for most permanent party soldiers and families. Concentrate on making necessary improvement to the existing pools.

It is also ridiculous that in order to join the Officer's Club, the soldier must either apply for the club credit card or pay for the whole year up front. What ever happened to being able to make monthly membership payments. Opening the bar at the O Club later through the week and weekends would promote more usage from soldiers at Ft. Jackson on TDY and permanent party officers would be more apt to go after work for a drink with colleagues, without a special event scheduled.

Need to stock the lakes to better accomodate fishing. Include fishing/camping gear available from AAFES at the Marion St. Station to make it a more full service outdoor recreational facility.

Use some of the funds received from AAFES sales to make improvements to the post theater, because the lobby and outside of the facility are atrocious!

I really would like to see a starbucks cafe or something quite similiar on post. Everyone I know likes to spend time together with friends in the morning before work, at lunch and after work. A cafe would offer newspapers, reading materials, internet, coffee, Tea, Etc. It would really bring us into the 21st century. Also, items sold are so low in cost, the most that would be spent is in the actual building. You would also have minimal staff to run it. Starbucks is making a killing!

Another great idea is a deli that serves healthy sandwichies, drinks, shakes, smmothies, snacks, fruit, salads, etc. With the obesity rate as high as it is, we really need one. Burgers and fries has got to go sometimes.

I like MWR facilities; however, I do not like them on Fort Jackson...overall. This is a TRADOC post designed for soldiers in training and their visiting families. To be quite honest, it's about money. Permanent party, families & retirees are not factors in considering what needs to be met. It's the bottom dollar. The way I see it Fort Jackson sees what money it can make off visiting families and how they can attract them to spend money on post. It's a shame. I know Columbia is a nice city, but how is the Army overall expect to meet needs when you don't meet them as a whole?

I am happy with the services currently provided as long as there is always a nice swimming pool because in summer me and my family use the post swimming pools almost every other day. That is what we use most.

I am sorry that i could not fill this survey out to well. i live in south carolina and fort jackson is about almost 2 hours from me. It is really hard to get involved with millitary funtions and events since it is far away from me. It would be really difficult for me to travel back and forth all the time for events with three children. It would be nice if things were a great deal closer to were i could use the facilities the millitary offers for families. Thank you for your time.

I can see that Ft. Jackson has come a long way in trying to reach out the families that are here. I feel one thing that is very important to remember is that our spouses, most of them are either deployed, drill sgt, or in drill school, we need to keep the families busy and active so there is no time for cheating on spouses who are working and that you need to advertise your activities more and further in advance and keep advertising just the way they do on tv a few weeks out and everyday sometimes several times a day. All in all it's mostly about giving the families an opportunity to be together and have family memories especially those who have been away and those who are lower enlisted that can't afford big vacation trips in the summer like a lot of folks do.

Currently my husband is stationed at Katterbach Kaserne in Ansbach, Germany. My children and I reside in Greenville, SC. We currently have Compassionate re-assignment papers in the works so that we may be stationed at Ft Jackson. Unfortunatley, I am not able to answer the survey questions accurately since we are not yet residing on base.

Since I live over 90 miles away from Ft. Jackson I do not use these services. I generally only go to Ft. Jackson when I have to go to the doctor. While there, I do shop at the PX, but I rarely find anything that I could not get elsewhere for about the same price.

I would like to see a Frame shop where we can make our own frames and matt pictures ourselves.

None of this applies to me, my spouse and I are currently separated. However, it was nice to learn that FJ has a Water Park.
